## ARAD POLYMER SAMIN CO.,LTD

### Rubber Sheet

#### General Purpose Rubber Sheet with polyester insertion

---

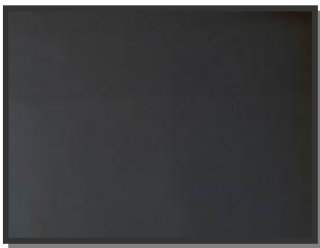

#### SBR RUBBER SHEET

1-50mm×0.6-2m×1-20m

Have good performance in wear resistance.its wether aging resistant is superior than Natural Rubber . apply to the material for rubber gasket.

---

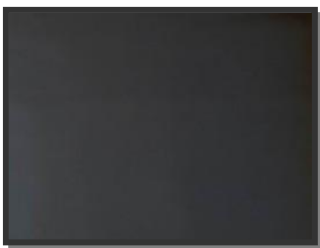

#### Neoprene RUBBER SHEET (CR)

1-50mm×0.6-2m×1-20m

Have good resistance of combustion,weather aging,and heat,and good self-complementary property.

---

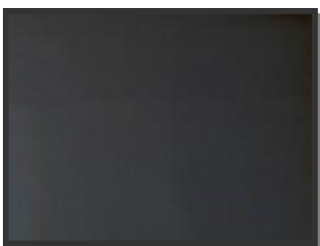

#### EPDM RUBBER SHEET

1-50mm×0.6-2m×1-20m

Have good weather aging resistance , ozone resistace ,polar liquid resistance and waterproof.

---

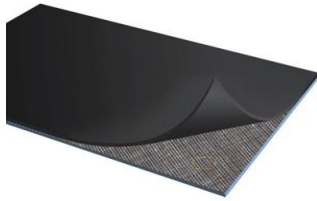

#### NBR RUBBER SHEET

1-50mm×0.6-2m×1-20m

Have good properties of oil resistance , abrasive resistance , weather aging resistance and high temperature resistance.

---

**With Inserted rubber sheet**

2-50mm×0.6-2m×1-20m

Cotton

nylon

canvas

EP100

Have excellent tear resistance

---

**Weave textured rubber sheet**

1.5-50mm×0.6-2m×1-20m

Cloth finished sides make the rubber sheet own the properties of seismic prevention ,skid prevention,be tenacious and easy to paste .

---

**rubber strip**

Specification:Provide different specifications according to customers' requirement .

---

**Special Industry Rubber Sheet**

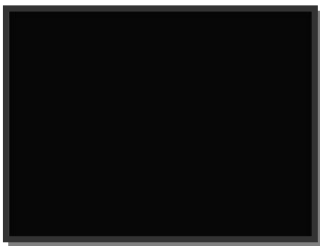

### Silicone rubber sheet

1-15mm×0.6-2m×1-20m

Have prominent High temperature resistant.apply to special envirmint of high and low temperature in electric and chemical industries .

---

### Viton rubber sheet

1-15mm×0.6-2m×1-20m

The King of rubber sheet.Have all excellent performances.apply to the high grade seal and gaskets and service in a variety of specialized operation conditions.

---

### Flame resistant rubber sheet

Flame Resistance Rubber Sheet

1-50mm×0.6-2m×1-20m

Be excellent in its combustion resistance.mainly apply to the special occasions of the prevention of fire.

---

### RUBBER SHEET

1-50mm×0.6-2m×1-20m

Have good comprehensive physical properties: good abrasion resistance and good flexibility . Be good in high strength.

---

### G Food grade rubber sheet (FDA)

1-20mm×0.6-2m×1-20m

➔ **NBR EPDM SBR SILICON**

Food grade rubber sheets are widely used in a variety of food and medical industries.

---

### Sponge rubber sheet

2-10mm×1m×1-20m

➔ **NBR EPDM SBR SILICON**

Have good flexibility, seismic prevention. Often be used to be the pad to prevent crash.

---

### Sponge rubber strip

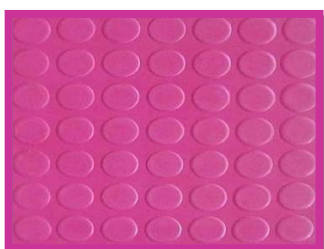

➔ **NBR EPDM SBR SILICON**

Different specifications are available according to customers requirements.

---

### Anti-slip rubber sheet series.

Properties and usages: Excellent water resistance, skid-resistance, rich in looking and protective value. Apply to laying in hotel, stadium and so on.

### Round Button Rubber Sheet

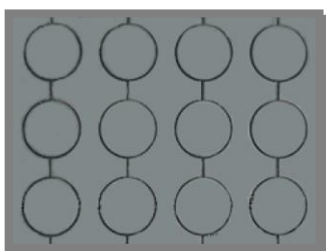

3-8mm×0.6-1.5m×1-20m

---

**Round Button Rubber Sheet**

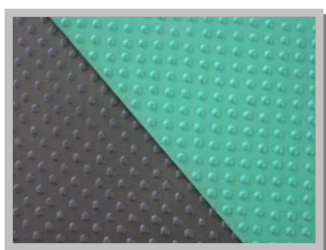

3-8mm×0.6-1.5m×1-20m

---

**Round Button Rubber Sheet**

3-8mm×0.6-1.5m×1-20m

---

**Small Stud Rubber Sheet**

3-8mm×0.6-1.2m×1-20m

---

**Checker Rubber Sheet**

3-8mm×0.6-1.5m×1-20m

---

**Horse Rubber Sheet**

3-8mm×0.6-1.5m×1-20m

---

**Pimple rubber sheet**

3-8mm×0.6-1.5m×1-20m

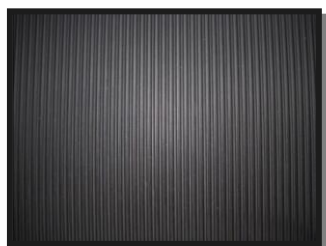

---

**Willow Rubber sheet**

3-8mm×0.6-1.5m×1-20m

---

**Fine Ribbed Rubber Sheet**

3-8mm×0.6-2m×1-20m

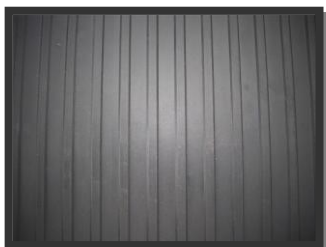

---

**Ribbed Rubber Sheet**

3-8mm×0.6-1.5m×1-20m

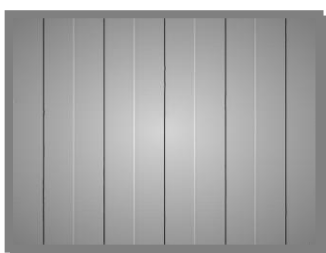

---

**Ribbed Rubber Sheet**

3-8mm×0.6-1.5m×1-20m

---

**Wide Ribbed Rubber Sheet**

3-8mm×0.6-2m×1-20m

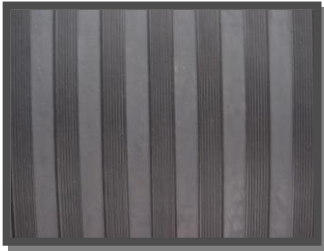

---

**Wide Ribbed Rubber Sheet**

6-12mm×0.6-2m×1-20m

---

**Composite Ribbed Rubber Sheet**

3-8mm×0.6-1.5m×1-20m

---

**Composite Ribbed Rubber Sheet**

3-8mm×0.6-1.2m×1-20m

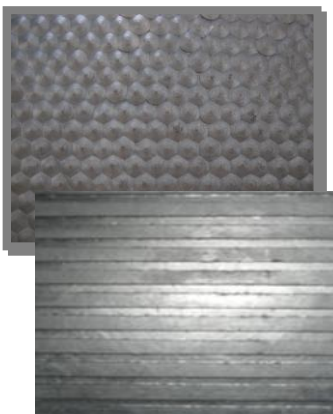

---

**Ribbed Rubber Sheet**

3-8mm×0.6-1.2m×1-20m

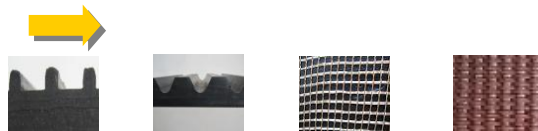

---

**Livestock Rubber Mat**

Cow mat

8-20mm×1.2-2m×1-20m

Belong to the agricultural rubber products being widely used in farm.

---

Cow Rubber Mat

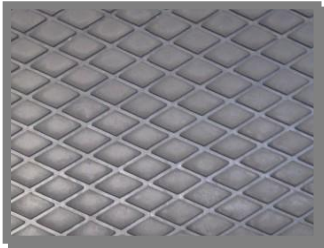

19mm×1.83m×1-20m

---

Belong to the agricultural rubber products being widely used in farm.

---

Pulley Lagging

8-12mm × 1.2-2m × 1-20m

Belong to the agricultural rubber products being widely used in farm. And also can be used for thermal Coating, or protect the surface of equipment .

---

Horse Rubber Sheet

3-8mm × 0.6-1.5m × 1-20m

Be widely used in farm, be as the anti-slip mat.

---

Herringbone Pattern Cow Rubber Mat

8-12mm × 1.2-2m × 1-20m

Be widely used in farm, be as the anti-slip mat

---

Cow Rubber Mat  
4mm × 2mm × 20-50m

One of agricultural rubber products. be widely used in farm. often be as the bed mat for cows or cattles.

---

Square Anti-slip Rubber Mat

8mm×0.6-1.5m×1-20m

One of Agricultural rubber products,be widely used in the farm.

---

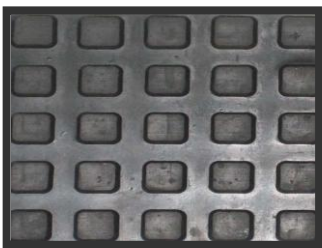

33mm×1.22m×1.83m

One of Agricultural rubber products,be widely used in the farm.

---

**Insulation rubber sheet**

Properties and usages:Pass the standards of EU,and used for placing on the table and ground of power supply room .

Smooth Surface Insulation  
Rubber Sheet

3-50mm×0.6-2m×1-20m

Ribbed Pattern Insulation Rubber Sheet

5-8mm×0.6-1.5m×1-20m

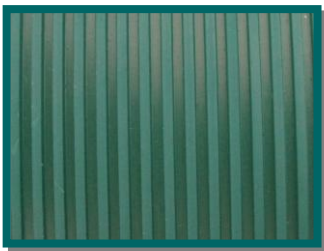

---

Composite Antistatic rubber sheet  
3-8mm×0.6-2m×1-20m

perform an anti-static electricity function, apply to place on the table and ground or be as the precise instrument.

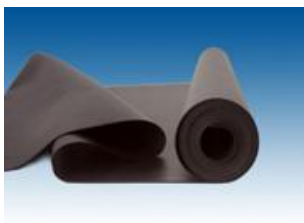

Composite Antistatic rubber sheet  
3-8mm×0.6-1.5m×1-20m

perform an anti-static electricity function, apply to place on the table and ground or be as the precise instrument.

### Waterproof rubber sheet & Rubber lining.

-Calendering waterproof rubber sheet with both sides cloth finished.

1-2mm×0.6-2m×1-20m

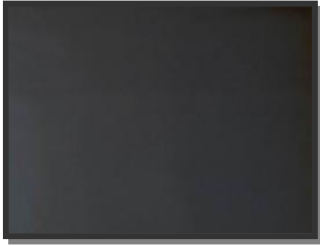

Excellent water resistance, apply to lay on the wall of the all buildings and tunnels.

Extending Waterproof Rubber Sheet

1-2mm×1m×2-100m

Excellent water resistance, apply to lay on the wall of the building, tunnel and so on.

Hypalon Rubber Sheet

1-15mm×0.6-2m×1-20m

Have excellent resistance to ozone.heat-resistance is up to 150 degree centigrade. And also have good resistance of oil and combustion.

---

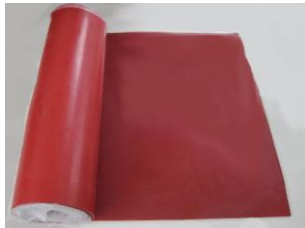

uncured anti-corrosive rubber lining

1-20mm×0.6-2m×2-20m

Be widely used in acid-base storage tank would withstand the corrosion of acid and alkali.

---

Abrasive rubber lining

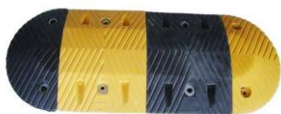

1-20mm×0.6-2m×2-20m

Be widely used in wear-resistant equipments and do as the lining to resist the damage from the mixtures of cement and lime.

---

## Other Products

---

Decelerates Rubber rigde

350mm×250mm×25mm

Play an important roll in warning drivers to slow down on particular occasions

---

Stable Mats

Be widely used in the stables.

---

Anti fatigue Floor rubber mat  
16mm×914mm×914mm

Have good properties of flexibility,skid-resistance.Be widely used in the hotel,storage room , kitchen and so on.

---
